

Calling out to save the environment

Mission

Founded in October 2003, SOS Planète is an environmental organisation aiming to increase citizen, institution and business awareness to environmental issues while providing them with sustainable alternatives. To achieve this, SOS Planète is engaged in playing a pivotal role in the creation of environmental complexes, like éco-quartiers, which will harbour the west-island's environmental activities in partnership with established local organisations.

What it means to be a member?

SOS Planète consists of a group of people which recognises the importance of change in our over-consuming way of life. Its members are individuals that want to reduce their personal impacts on the environment as well as those of the West-island community. Together we can spread our knowledge.

What are SOS Planète's goals?

1. Equip and inform citizens
2. Manage environmental complexes, such as éco-quartiers
3. Create and participate in environmental projects led by the community
4. Improving the environmental situation in the west island

From the beginning...

SOS Planète was created to establish links between the cities, organisations and citizens hoping to rally our common efforts and desires in improving the quality of our environment.

Since 2003 SOS Planète works with the cities and boroughs of the West-Island of Montreal so their citizens can adopt customs which are more environmentally sound, particularly in terms of over-consumption, ecological waste management, water and energy conservation as well as the protection of our natural spaces.

SOS Planète manages the Green Patrols of the West-island and has received in 2007 the mandate to manage the Pierrefonds-Roxboro éco-quartier, the first in the West-island.

To know all of SOS Planète's activities and campaigns visit www.sosplanete.org

Environmental fundraiser...

The organisation has embarked on a campaign to promote the 3RV. We recuperate used wine corks and old frames and transform them into artistic bulletin boards. This fundraiser is a way to finance, in part, SOS Planète's projects.

Become a member of SOS Planète !!!

You would like to act for your environment? If so, join us at SOS Planète and come participate to the positive change of your neighbour!

Regular Member

Any physical person aged 18 years or older, or otherwise with the consent of a parent or person in charge, and who adheres to the goals and mission of the organisation.

Associate Member

Any moral person whose mission, activities and goals correspond to that of the organisation.

Working Member

Anyone working in the name of the organisation and collecting a salary.

Support Member

Anyone contributing 100 dollars or more to purchase a social share.
